Dear Parents and Guardians,

Last week our Lancer Fun Run kicked off with an exciting Pep Rally! The first step in helping your school is to register your student on funrun.com and then search for our school's name. There are two separate programs for Middle School and Elementary School. Also, look for the pledge crown that your student is brought home. There you can learn more about the Lancer Fun Run. Once logged on, your students can begin earning prizes by receiving pledges to help our school. Our goal is to raise \$7,500 to help with school programs. Our students have also been learning about the traits of being a brave hero starting with Focus and the power of Self-Awareness. Next week they will learn about Respect, Trustworthiness, Creativity, and being a Life-Learner. If you would like to watch them, all the videos are available on funrun.com or the school website, www.ollmelbourne.org.

Friday, April 13th, will be our Lancer Fun Run. We would love for you to come out and watch your students as they have a blast running to help their school.
